ADIP – Web Address: <http://adip.faa.gov>

The screenshot shows the ADIP website interface. At the top left is the FAA logo and the text "ADIP". At the top right is a "Quick Links" menu. The main header area features a dark background with a map of an airport. The text "Welcome to the Airport Data and Information Portal" is prominently displayed, followed by the tagline "Your one stop for Airport Data!". Below this is a search bar with the placeholder text "Search Facilities by Name or Loc Id, Download 5010" and a button labeled "Go To Advanced Facility Search". A paragraph of text explains the portal's purpose: "The Airport Data and Information Portal (ADIP) helps the Federal Aviation Administration (FAA) collect airport and aeronautical data to meet the demands of the Next Generation National Airspace System. Guided by Advisory Circulars (ACs), the Airport Sponsor or proponents are key links in the information chain. Use the Airport Data and Information Portal to access airport data and submit changes matching defined business rules. FAA lines of business are notified once data has been submitted and approved." Below this text are three main action buttons: "Register" (with a clipboard icon), "MyAccess" (with a key icon), and "Public Login" (with a right-pointing arrow icon). Each button has a brief description of its function. At the bottom of the page, there are links for "FAA Home", "FAA Privacy Policy", "FAA Web Policies & Notices", "Contact Us", and "Help".
