

AIRCRAFT OWNERS & PILOTS ASSOCIATION

PRESIDENT'S COUNCIL

“We have been fortunate in this country to have the very best air transportation system in the world.”

“We have been fortunate in this country to have the very best air transportation system in the world.”

AOPA plays a major role in continuing to fight for this safe and efficient system.”

ARNOLD PALMER

AOPA PRESIDENT'S COUNCIL

AIRCRAFT OWNERS & PILOTS ASSOCIATION

PRESIDENT'S COUNCIL

FLIGHT LOG

“Years ago my first flight instructor, now a Blue Angel, asked me to name the most important equipment on his C172.

I stammered and guessed, ‘the airspeed indicator.’ To my surprise he responded, ‘no, it’s your AOPA membership card!’

Under the guidance of Craig Fuller and the power of our 415,000 members, AOPA is the world’s largest and most effective aviation organization, bar none. Our continued freedom to fly is inextricably linked to the strength of AOPA.

I am pleased you are considering joining me in
the AOPA President’s Council.”

JOHN N. NORDSTROM
HONORARY CHAIRMAN
AOPA PRESIDENT’S COUNCIL

The AOPA President's Council is comprised of pilots, aircraft owners and enthusiasts who want to impact an array of AOPA driven programs. Our overarching need is to educate policy makers and opinion leaders, thereby the public, seeking an increased appreciation for the value of GA. We must grasp the opportunity to change perceptions!

It's no coincidence, that since the Air Safety Foundation's inception GA accidents have declined by 86%. We must continue to expand our excellent safety research and education efforts.

We must preserve regional airports, like yours. Since 1970 more than 1,500 airports have closed. Only AOPA, with its Airport Support Network and other assets, can preserve America's unique network of GA airports.

We must reach and encourage new pilots. For the first time in forty years the number of US pilots is below 600,000. AOPA leads the way with Project Pilot and Be-A-Pilot, and recently launched our newest recruitment effort: *Lets Go Flying*, along with other innovative programs.

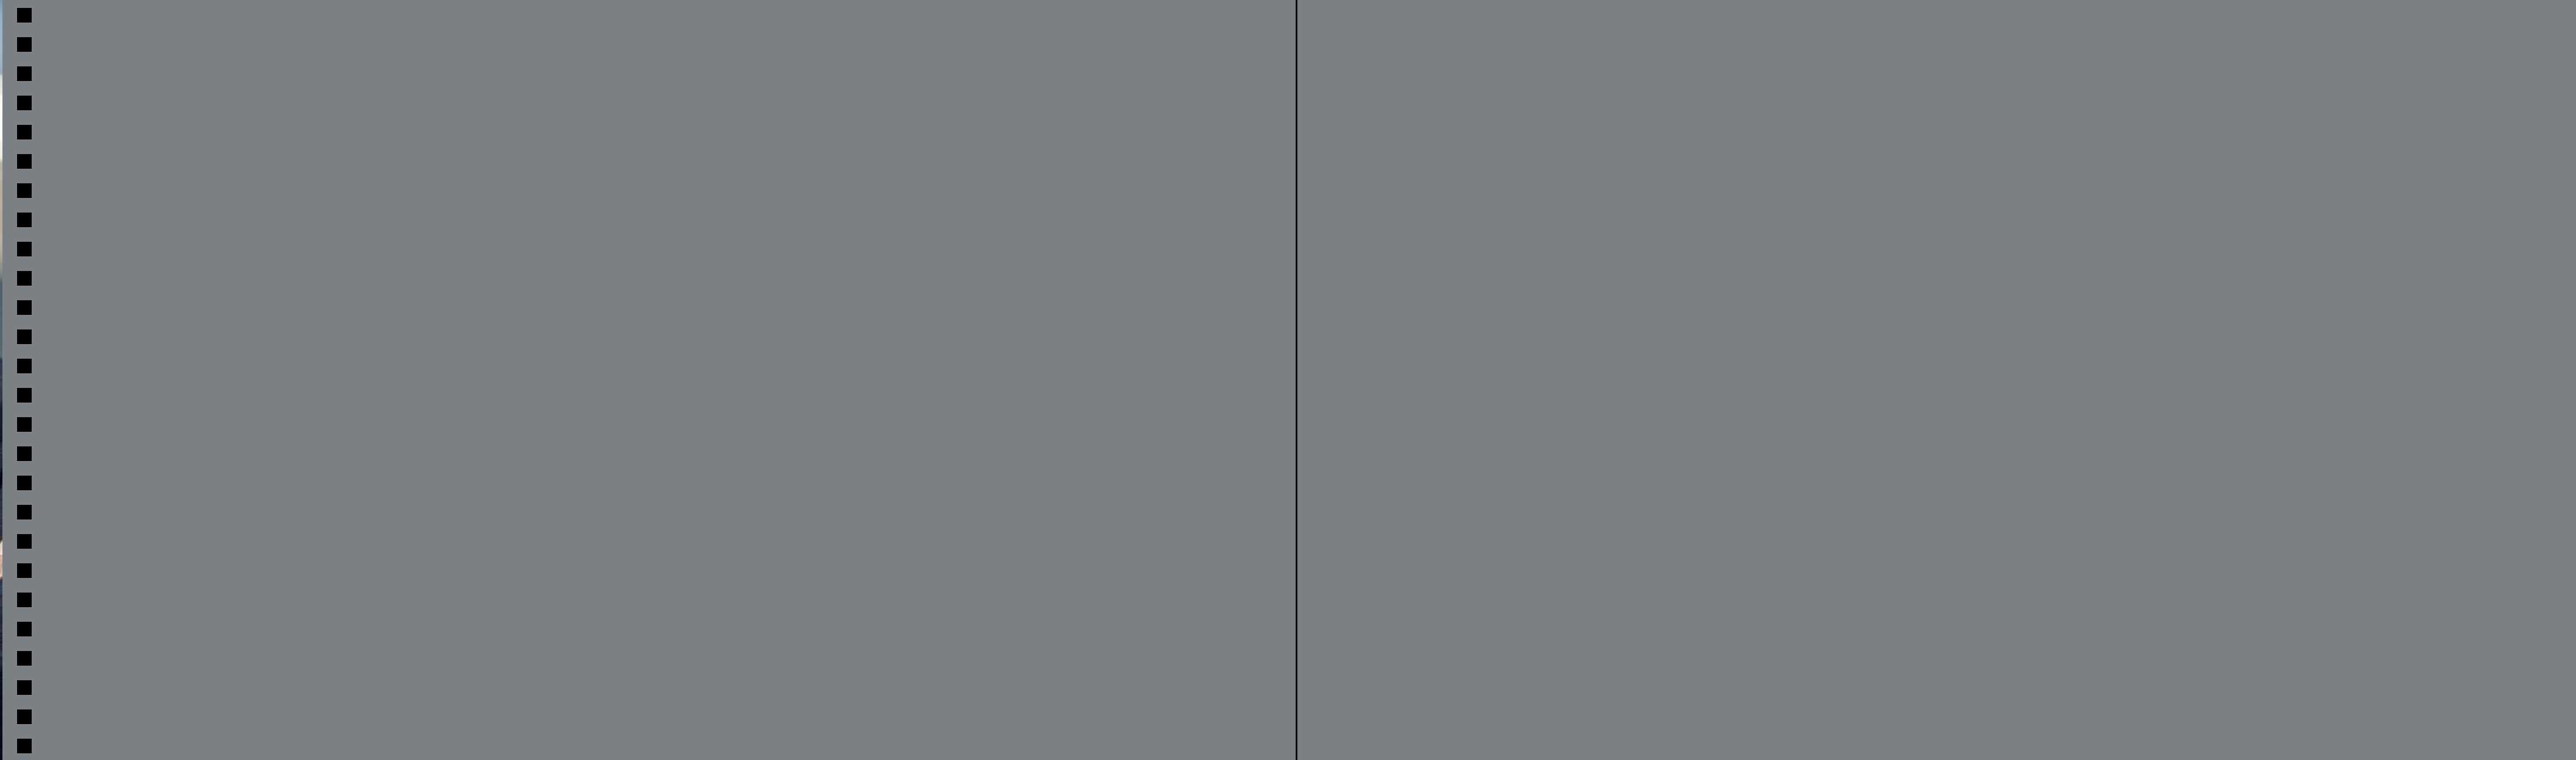

“As I speak with AOPA members, industry leaders and government officials, it’s clear to me that the future of GA is as exciting as its past.

A membership in the AOPA President’s Council is a way for you to make a significant impact to assuring a bright future for GA.

Climb to a new flight level, by joining the top echelon of pilot-philanthropists.”

CRAIG FULLER
AOPA PRESIDENT
