LAND AND HOLD-SHORT OPERATIONS (LAHSO)

LAHSO is an acronym for "Land and Hold-Short Operations." These operations include landing and holding short of an intersection runway, an intersecting taxiway, or other predetermined points on the runway other than a runway or taxiway. Measured distance represents the available landing distance on the landing runway, in feet.

Specific questions regarding these distances should be referred to the air traffic manager of the facility concerned. The Aeronautical Information Manual contains specific details on hold-short operations and markings.

LDG RWY	HOLD-SHORT POINT	AVBL LDG DIST
17C	TWY B	10,460 feet
18R	TWY B	10,100 feet
35C	TWY EJ	9,050 feet
36L	TWY Z	10,650 feet
31	18-36	8,100 feet
36	13-31	4,080 feet
