Experience more

Dive deep with one or more of these in-depth workshops

AN EXCITING FRIDAY SCHEDULE gives pilots a chance to attend their choice of two of eight workshops (\$99 per attendee; you may take advantage of the entire workshop experience) offering an intensive, deep dive into hands-on, experiential learning on selected vital topics.

Pilots interested in attending the Friday sessions are encouraged to arrive Thursday afternoon. Then head for the pavilion that hosts the workshop of your choice, including Skills and Safety, You Can Fly, Aviation Products, or Maintenance and Ownership. Lunch is included in the workshops' cost.

OWNER-PERFORMED MAINTENANCE
 Mike Busch, Adrian Eichhorn, and Paul New
TIME: 9 a.m.-4 p.m.
 Main Stage

BACKCOUNTRY ADVENTURES & SKILLS
 AOPA Air Safety Institute
TIME: 9 a.m.-noon
 Skills & Safety Pavilion

IFR ADVANCED: FLYING WITH A MODERN GPS
 Max Trescott
TIME: 1 p.m.-4 p.m.
 Skills & Safety Pavilion

MASTERING IFR BASICS
 Gary Reeves
TIME: 9 a.m.-noon
 You Can Fly Pavilion

WHAT YOU'LL LEARN:
 Discover how to be the manager of your aircraft maintenance. Learn preventive maintenance owners can perform; participate in hands-on engine and airframe labs; learn what your engine is telling you.

WHAT YOU'LL LEARN:
 Learn how to maximize your flying skills in mountainous terrain; understand the differences in mountain flying; discover the basics for backcountry airstrips; discuss techniques and rules for backcountry flying.

WHAT YOU'LL LEARN:
 With WAAS-based receivers and a recent rule change, a pilot needs to know when GPS can and can't be used on non-GPS approaches. Walk through briefing the approach and flying VOR, ILS, and GPS.

WHAT YOU'LL LEARN:
 A three-hour review of the instrument rating ACS, rules, regulations, and everything you've forgotten since you took your written test a long time ago. A perfect review for pilots who are rusty.

VFR ADVANCED: 500 MILES AND BEYOND
 Dave Hirschman and Chris Eads
TIME: 1 p.m.-4 p.m.
 You Can Fly Pavilion

AVIATION PHOTOGRAPHY
 Mike Fizer
TIME: 9 a.m.-noon
 Aviation Products Pavilion

DRONE AERIAL PHOTOGRAPHY
 Kat Swain
TIME: 1 p.m.-4 p.m.
 Aviation Products Pavilion

WHAT YOU'LL LEARN:
 This will help VFR pilots enhance their skills for longer-range flights with higher complexity and improved safety awareness, while expanding their enthusiasm for the pilot lifestyle.

WHAT YOU'LL LEARN:
 Join AOPA's senior photographer as he explains the skills for great aviation photography. Learn techniques and tips to improve your photography skills and discover new concepts specific to aviation.

WHAT YOU'LL LEARN:
 Whether you are an enthusiast or are pursuing aerial photography as a career, this three-hour workshop will give you the knowledge you need to get started as a drone aerial photographer.

FRIDAY FUN

More to do!

12 p.m.-6 p.m.
 Exhibit Hall and Aircraft Display
Meet exhibitors and view aircraft

4 p.m.-6 p.m.
 Exhibit Hall
Happy Hour

6 p.m.-9 p.m.
 Main Stage
Barnstormers Party presented by Jeppesen

Saturday Schedule

Exciting Seminars and Activities

Rich content will expand your flying experiences, deepen your skills, and provide you with resources to become a better, safer pilot

TELL US YOU'RE COMING! RSVP HERE

www.aopa.org/saf/rsvp

THE DAY BEGINS WITH A PANCAKE BREAKFAST open to all and concludes with a Pilot Town Hall presented by AOPA President Mark Baker, and an ice cream social. Check online for times and locations (www.aopa.org/saf/learn).

IS YOUR ENGINE HEALTHY? *Adrian Eichhorn*

Master A&P/IA Adrian Eichhorn helps you determine if your aircraft engine is healthy—and safe.

WHY GOOD PILOTS MAKE BAD DECISIONS

Richard McSpadden

AOPA Air Safety Institute Executive Director Richard McSpadden addresses pilot decision making, helping us recognize why even the most experienced pilots can make serious errors.

MAXIMUM FUN/MINIMUM COST *Les Smith*

AOPA Senior Director, Pilot Community Development Les Smith offers tips and ideas for starting and growing a flying club.

SIRIUSXM AND IN-FLIGHT WEATHER

Find out what you need to know about in-flight weather from SiriusXM Aviation.

LESSONS FROM A JET WARBIRD PILOT *Larry Salganek*

The owner of Santa Fe's Jet Warbird Center will offer a GA-focused discussion on stalls, turn to final, and upset recovery.

CFIT AND YOU *Tom Curran*

The immovable object meets irresistible force: controlled flight into terrain as explained by AOPA FIRC instructor Tom Curran.

YOU CAN BE A PILOT *Chris Moser*

A special session for nonpilots with a powerful introduction to aviation presented by AOPA's Chris Moser, senior director of flight training education.

ADS-B CASE STUDY *Mike Collins*

AOPA's ADS-B expert helps explore the ADS-B options for every aircraft with real-world solutions to the ADS-B mandate.

FLYING ON THE EDGE *Catherine Cavagnaro*

An expert on stalls and spins explores the limits of you and your airplane and looks at the conditions that cause upsets.

FLYING WITH BASICMED *Gary Crump*

AOPA's director of medical certification, Gary Crump, helps guide pilots through the new world of BasicMed.

ADVANCED IFR TIPS *Gary Reeves*

Presented by Avidyne's Gary Reeves.

THUNDERSTORM AVOIDANCE *Tom Curran*

What you need to know to avoid thunderstorms from the AOPA Air Safety Institute.

RUSTY PILOTS *Chris Moser*

The AOPA You Can Fly team helps lapsed pilots realize the dream of returning to the air.

DISCOVERING NEW PLACES TO FLY *Eric Rush*

Eric Rush, team lead for AOPA's flight planning products, unveils AOPA's airports/destinations online resources for new places to fly.

WHAT'S NEW WITH FOREFLIGHT

ForeFlight, an AOPA industry partner, presents new offerings designed to help you fly safer and more efficiently.

SHARING THE SKIES: THE DRONE REVOLUTION *Kat Swain*

AOPA Senior Director of UAS Programs Kat Swain will help manned and unmanned pilots understand how to work together.

LOW-COST UPGRADES FOR YOUR AIRCRAFT

Presented by AOPA industry partner Garmin.

ATC AND YOU *NATCA Controllers*

Communicating with air traffic control with clarity and confidence—tips from the controllers themselves.

UNUSUAL APPROACHES

Presented by Jeppesen, an AOPA industry partner.

These are just a few of the seminars offered on Saturday; check online and on site for more great topics.
