

2015 AOPA ACTIVITY TENT SCHEDULE

EAA AirVenture Oshkosh

► MONDAY, JULY 20

10:00 - 10:45 **Lightspeed: 21st Century Headsets - Quiet, Smart, and Personal**

with Teresa De Mers

Learn about the latest headset technologies and why they are important to you.

11:00 - 11:45 **Laugh and Learn** *with Rod Machado*

Laugh and learn with Rod as he shares his best stories acquired through 10,000 hours of flight time earned the hard way—one CFI hour at a time.

12:00 - 12:45 **NORAD: TFRs and Intercept Procedures**

Learn practical steps to avoid Temporary Flight Restrictions (TFRs). Join NORAD fighter pilots in an informative session that will keep you out of trouble, and off the evening news.

1:00 - 1:45 **Air Safety Institute: Mind Over Matter** *with George Perry*

Being a safe pilot requires more than good stick and rudder skills. Learn simple techniques from a leading expert on how to increase pilot performance and reduce pilot error.

2:00 - 2:45 **Jeppesen: RNAV Revealed** *with Nathan Kurth and Slim Morgan*

Area Navigation (RNAV) has changed how thousands of pilots fly. Get refreshed on some critical RNAV tips and tricks to help you get more from today's technology.

Take in all these seminars and more at the [AOPA campus \(booth 463\)](#), located across from the Brown Arch!

.....

July 20-26, 2015

There's so much to do and see
and learn at the AOPA tents!

.....

we'll see you there!

▶ TUESDAY, JULY 21

- 10:00 – 10:45** **Lockheed: Not the Flight Service You Once Knew** *with Joe Daniele*
Learn how Lockheed Martin Flight Service is delivering easy-to-understand weather and flight information through the web, flight planning apps, and satellite position monitoring and communications devices.
- 11:00 – 11:45** **ADS-B: What Do I Need for 2020?** *with Mike Collins / Panel*
Join us for a panel discussion with avionics manufacturers which will explore the ins and outs of complying with FAA's January 1, 2020 mandate for ADS-B Out.
- 12:00 – 12:45** **Air Safety Institute: Loss of Control** *with Bruce Landsberg*
Join AOPA Senior Safety Advisor Bruce Landsberg in an interactive discussion regarding loss of control. It's a leading cause of fatal accidents, and strikes when least expected.
- 1:00 – 1:45** **Free! Ice Cream Social** *with Mark Baker*
Cool off with refreshing ice cream while AOPA President Mark Baker talks about the latest efforts in Washington, D.C. and other key AOPA initiatives.
- 2:00 – 2:45** **The Kings on Unwanted Adventure** *with John / Martha King*
Combining humor and real-world experience, the Kings will present the universal lessons they've learned from years of traveling by airplane throughout the U.S.
- 3:00 – 3:45** **Garmin: Action Cameras—Capturing Awesome Video and Tips for Editing** *with Joey Ferreyra*
Learn how to capture and share awesome in-flight action video. Using practical examples, this presentation will discuss ways to mount the camera, tips for planning awesome footage and ways to share your story with the world using Garmin's line of VIRB action cameras.

▶ WEDNESDAY, JULY 22

- 7:30 – 11:00** **Free! Rusty Pilots Seminar Sponsored by AOPA Aviation Finance** *with Kelby Ferwerda and Chris Moser*
Life may have gotten in the way, but the dream of flight can be yours again. Join us and get started on the journey back into the left seat. RSVP at www.RustyPilots.org. (includes light refreshments)
- 12:00 – 12:45** **ADS-B: Strategies for Equipping** *with Mike Collins / Panel*
This panel of avionics manufacturers will explore ways to meet the FAA's 2020 mandate for ADS-B Out to include upgrading existing cockpit avionics.
- 1:00 – 1:45** **Maximum Fun, Minimum Cost: Starting and Growing a Flying Club** *with Kelby Ferwerda*
Join AOPA Flying Club Manager Kelby Ferwerda for a discussion about flying affordably in one of the most fun ways possible!
- 2:00 – 2:45** **Air Safety Institute: Thunderstorms and ATC** *with Bruce Landsberg*
It's THE summertime menace. Join AOPA Senior Safety Advisor Bruce Landsberg and an air traffic controller as they explain the ways to navigate stormy skies.
- 3:00 – 3:45** **Avidyne: Improving Technologically Advanced Aircraft (TAA) Cockpits** *with Tom Harper*
The FAA and ASF studies of Technically Advanced Aircraft (TAAs) provided significant findings and safety recommendations. Learn how Avidyne has leveraged these findings in the development of next generation avionics.

Take in all these seminars and more at the [AOPA campus \(booth 463\)](#), located across from the Brown Arch!

► THURSDAY, JULY 23

- 10:00 – 10:45** **Decision Making in Crisis** *with CDR Kirk Lippold*
Based on real-life experience as commander of the USS Cole, learn how to get the most from your flight preparation and abilities as a pilot.
- 11:00 – 11:45** **Aviation Safety: A Legal and Practical Perspective** *with Kathy Yodice/Panel*
Join us for a discussion on the Aviation Safety Reporting Service (the “NASA Report”) that pilots can participate in to effect change and increase safety.
- 11:00 – 11:45** **Patty Wagstaff Autograph Signing**
Get an autograph and take a photo with the most well-known female pilot in the world! Located outside the AOPA main tent.
- 12:00 – 12:45** **Splash! Enter the World of Seaplane Flying** *with Woody Minar*
Discover how to have fun AND enhance your flying skills with a seaplane rating.
- 1:00 – 1:45** **Air Safety Institute: Real World Weather** *with Andy Miller*
Weather is the single biggest variable in flying. We'll take a no-nonsense look at how you can get better, more complete weather information—and make better, more informed decisions.
- 2:00 – 2:45** **Cirrus: Whole Airframe Ballistic Parachutes—Myths, Facts, and Strategies for Use** *with Travis Klumb*
Whole-airframe ballistic parachutes are great innovations. Get the unique system knowledge and develop specific strategies you need in order for the system to be truly effective.
- 5:30 – 7:00** **Flight School Business Social Sponsored by Jeppesen**
(For flight school owners, managers, and CFIs)

► FRIDAY, JULY 24

- 9:00 – 10:30** **Free! Coffee and Donuts** *with Mark Baker*
Talk with AOPA President Mark Baker and learn about the latest efforts in Washington, D.C. and other key initiatives over FREE coffee and donuts.
- 11:00 – 11:45** **ADS-B: What Do I Need for 2020?** *with Mike Collins / Panel*
Join us for a panel discussion with avionics manufacturers which will explore the ins and outs of complying with the FAA's January 1, 2020 mandate for ADS-B Out.
- 11:00 – 11:45** **Patty Wagstaff Autograph Signing**
Get an autograph and take a photo with the most well-known female pilot in the world! Located outside the AOPA main tent.
- 12:00 – 12:45** **Air Safety Institute: Mind Over Matter** *with George Perry*
Being a safe pilot requires more than good stick and rudder skills. Learn simple techniques from a leading expert to increase pilot performance and reduce pilot error.
- 1:00 – 1:45** **Top 10 iPad Tips for Pilots** *with Bret Koebbe (Sportys)*
The iPad has become a required piece of equipment for many pilots these days that has both increased safety and reduced the costs associated with flying. This presentation will cover a series of 10 tips that pilots of all experience levels should know when flying with the iPad.
- 2:00 – 2:45** **NORAD: TFRs and Intercept Procedures**
Being a safe pilot requires more than good stick and rudder skills. Learn simple techniques from a leading expert to increase pilot performance and reduce pilot error.
- 3:00 – 3:45** **iPad in the Cockpit 101** *with Kay Sundaram*
Learn the basics of buying, setting up, preflighting, and using an iPad in the cockpit.

Take in all these seminars and more at the [AOPA campus \(booth 463\)](#), located across from the Brown Arch!

▶ SATURDAY, JULY 25

- 7:30 – 11:00** **Free! Rusty Pilots Seminar Sponsored by AeroShell**
with Kelby Ferwerda and Chris Moser
Life may have gotten in the way, but the dream of flight can be yours again. Join us and get started on the journey back into the left seat. RSVP at www.RustyPilots.org. (includes light refreshments)
- 11:00 – 11:45** **Patty Wagstaff Autograph Signing**
Get an autograph and take a photo with the most well-known female pilot in the world! Located outside the AOPA main tent.
- 12:00 – 12:45** **ADS-B: Strategies for Equipping**
with Mike Collins / Panel
This panel of avionics manufacturers will explore ways to meet the FAA's 2020 mandate for ADS-B Out, to include upgrading existing cockpit avionics.
- 1:00 – 1:45** **No-Pilot to Co-Pilot: Basic Skills for Non-Pilots**
with Chris Moser
Learn how to be a part of the flight crew with skills like chart reading and radio operation that will make your pilot's job easier!
- 2:00 – 2:45** **Air Safety Institute: Accident Case Study Live**
with Andy Miller
This discussion aims to put a new spin on safety-oriented accident analysis, working through physical evidence, eyewitness testimony, and other leads to figure out exactly what went wrong, and why.

▶ SUNDAY, JULY 26

- 10:00 – 10:45** **Jeppesen: RNAV Revealed**
with Nathan Kurth and Slim Morgan
Area Navigation (RNAV) has changed how you fly. Get refreshed on some critical RNAV tips and tricks to help you get more from today's technology.
- 11:00 – 11:45** **Lockheed: Not the Flight Service You Once Knew**
with Joe Daniele
Learn how Lockheed Martin Flight Service is delivering easy-to-understand weather and flight information through the web, flight planning apps, and satellite position monitoring and communications devices.
- 12:00 – 12:45** **Air Safety Institute: Mind Over Matter**
with George Perry
Being a safe pilot requires more than good stick and rudder skills. Learn simple techniques from a leading expert to increase pilot performance and reduce pilot error.
- 1:00 – 1:45** **iPad in the Cockpit 101**
with Kay Sundaram
Learn the basics of buying, setting up, preflighting, and using the iPad in the cockpit.
- 2:00 – 2:45** **Cirrus: Whole-airframe Ballistic Parachutes – Myths, Facts, and Strategies for Use**
with Chad Friedrich
Whole-airframe ballistic parachutes are great innovations. Get the unique system knowledge and develop specific strategies you need in order for the system to be truly effective.

Take in all these seminars and more at the [AOPA campus \(booth 463\)](#), located across from the Brown Arch!
