Turning off Web Browser Pop-up Blockers for IACRA

Apple Safari

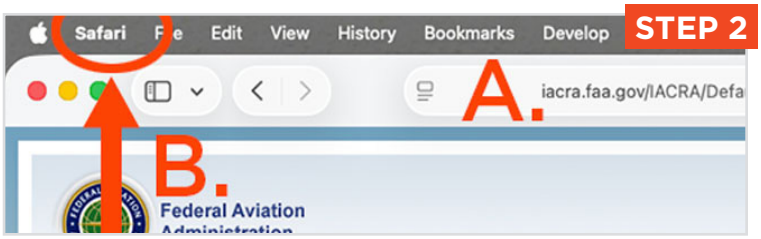
For the Mac (**NOT** the iPad)

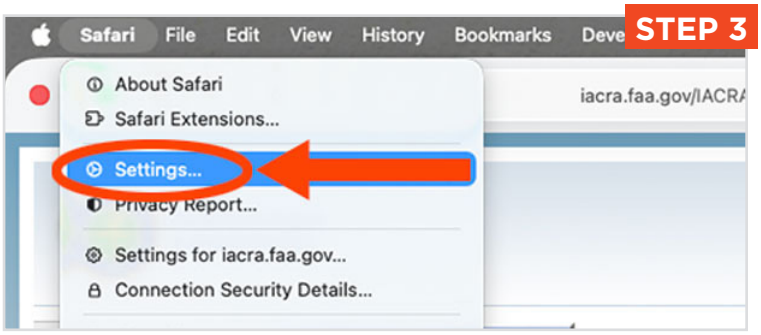
A *Pop-up Blocker* stops or limits pop-ups on sites that you visit in your web browser. On the IACRA website, the CFI renewal submission form has **several pop ups that are required to be reviewed/checked** to complete the process.

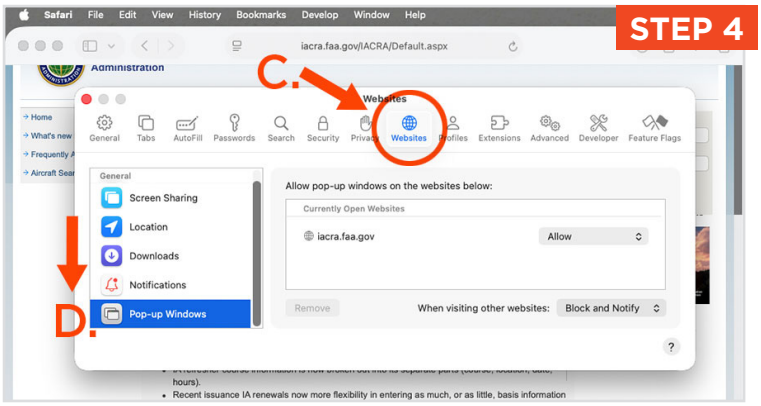
To make sure you do not miss any important steps in the online form submission. Turn off your browser's pop-up blocker **before** you begin the online renewal form process in IACRA.

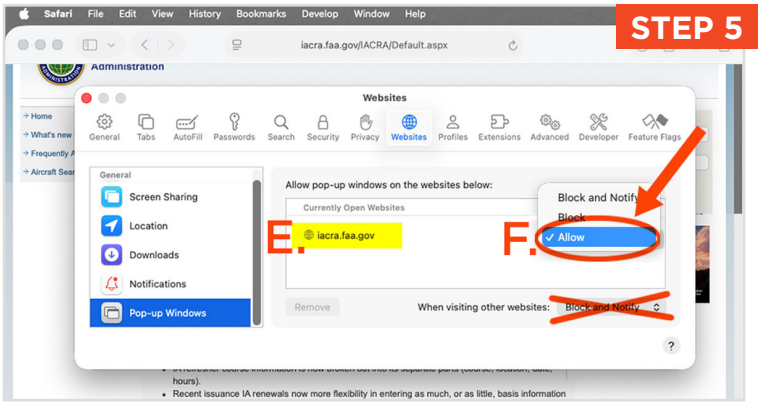
TO TURN POP-UP BLOCKERS OFF:

1. **Open the Safari** browser on your Mac laptop or desktop computer. *Note the instructions are different for Safari on the iPad.*
2. Open up Settings
   - A. **Navigate to IACRA.FAA.gov**
   - B. **Click the "Safari" menu** (top left).
3. Scroll down and **select "Settings."**
4. In the pop up panel navigate
   - C. **Click the "Websites"** in the top tabs
   - D. On the left side of the panel, scroll down and **click "Pop-up Windows."** The Pop-ups menu item is often just below the visible listing items so you will need to scroll to see it.
5. Turning off pop-up blockers for IACRA. Because in step 2 you navigated to IACRA, **you should see the website listed** (E)**.** Use the pulldown menu to the right of the URL to **select "allow"** (F) **to allow pop-ups while using IACRA.**
6. Repeat these steps, **after you have completed your IACRA process to turn your Pop-up Blocker back to "blocked and notify"** or select the IACRA URL and click the "remove" button lower on the panel so it will be treated like all the other websites you visit in Safari.









Note, we suggest limiting the allowed pop-ups to only the IACRA website while filling out your application. If you use the "When visiting other websites" pulldown in the lower right of the Pop-ups Windows panel, it will allow popups on **all websites** you visit, not just IACRA.

Turning off Web Browser Pop-up Blockers for IACRA

Apple Safari

For Apple iPads with iOS 26+

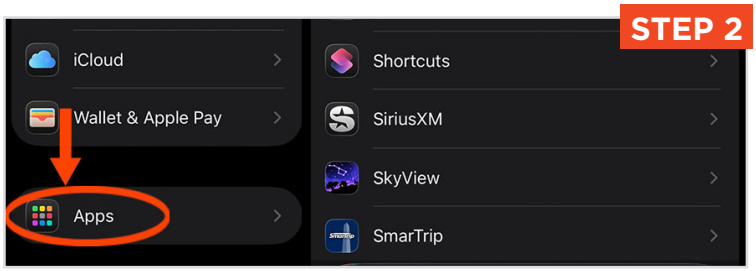
A *Pop-up Blocker* stops or limits pop-ups on sites that you visit in your web browser. On the IACRA website, the CFI renewal submission form has **several pop ups that are required to be reviewed/checked** to complete the process.

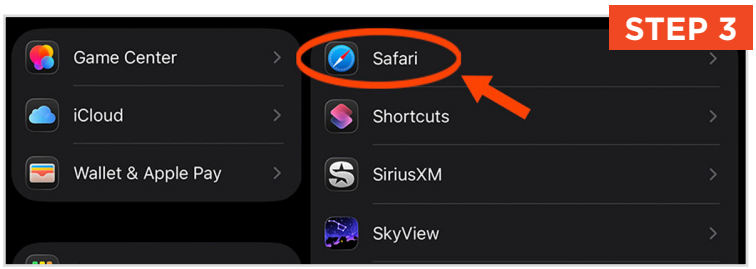
To make sure you do not miss any important steps in the online form submission. Turn off your browser's pop-up blocker **before** you begin the online renewal form process in IACRA.

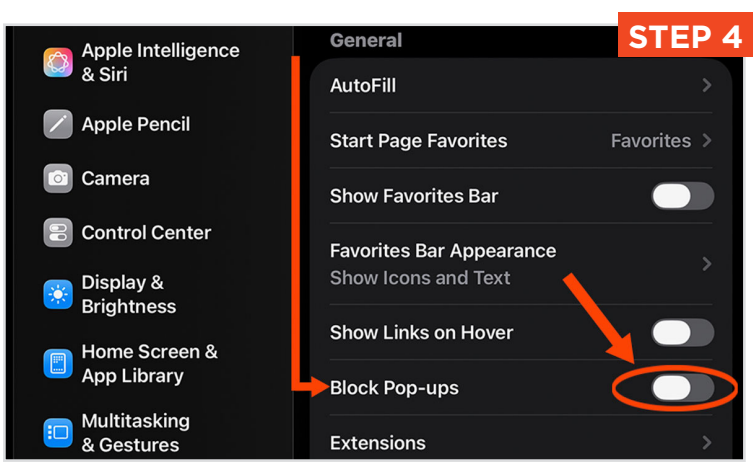
TO TURN POP-UP BLOCKERS OFF:

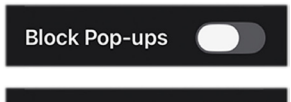
1. **Open "Settings" app (gear icon)** on your iPad's home screen.
   Note: You don't change any settings within the Safari browser itself.
2. Scroll down in the left menu and **select "Apps"** near the bottom.
3. Scroll down in the right menu and **select "Safari."**
4. Scroll down to the **"General"** section and locate the **"Block Pop-ups"** and **toggle the button to gray** this will allow pop-ups.
5. **Close the "Settings" app** by swiping up from bottom of the iPad to return to the main screen.
6. **Click the Safari browser icon** to open it.
7. **Visit** IACRA.FAA.gov and complete your renewal submission.
8. Repeat steps 1-4, **after you have completed your IACRA process** to turn your Pop-up Blocker back on. The toggle will be green when the Pop-up Blocker is activated.

Note: **iPhones are not recommended** for use with the IACRA site. As the site has not been optimized for mobile devices and content will be cut off and easily missed.









← Gray Toggle=**Allow pop-ups** on websites, like IACRA

← Green Toggle=Block all pop-ups on websites

Turning off Web Browser Pop-up Blockers for IACRA

Apple Safari

For **older Apple iPads** pre-iOS 26

A *Pop-up Blocker* stops or limits pop-ups on sites that you visit in your web browser. On the IACRA website, the CFI renewal submission form has **several pop ups that are required to be reviewed/checked** to complete the process.

To make sure you do not miss any important steps in the online form submission. Turn off your browser's pop-up blocker **before** you begin the online renewal form process in IACRA.

TO TURN POP-UP BLOCKERS OFF:

1. **Open "Settings" app (gear icon)** on your iPad's home screen.
   Note: You don't change any settings within the Safari browser itself.
2. Scroll down in the left menu and **select "Safari."**
3. **Scroll down to "Block Pop-ups"** in the right side of the Safari menu.
4. Click the **toggle button to grey to turn off** the Pop-up Blocker. (Gray=Allow pop-ups on websites, Green=Block pop-ups)
5. **Close the "Settings" app** by swiping up from bottom of the iPad (A) or on older iPad models (B), hit the physical round "Home" button, to return to the main screen
6. **Click the Safari browser** to open it.
7. **Visit** IACRA.FAA.gov and complete your renewal submission.
8. Repeat steps 1-4, **after you have completed your IACRA process** to turn your Pop-up Blocker back on. The toggle will be green when the Pop-up Blocker is activated.

Note: **iPhones are not recommended** for use with the IACRA site. As the site has not been optimized for mobile devices and content will be cut off and easily missed.
