“Through the AOPA Foundation curriculum, I have been introduced to a world of possibilities in aviation, and I hope to inspire my students to create an identity that takes them higher, faster, and farther than they ever imagined.”

—**REBECCA PARKER**, TEACHER OF AEROSPACE TECHNOLOGY,  
CENTRAL FLORIDA AEROSPACE ACADEMY WINTER HAVEN

## ABOUT US

The AOPA Foundation, a 501(c)(3) charitable organization and the philanthropic wing of the Aircraft Owners & Pilots Association, propels general aviation forward.

Through its fundraising efforts, the AOPA Foundation supports life-changing programs that get and keep more pilots flying, and life-saving aviation education resources to help make flying as safe as possible.

These programs are made possible by the generosity of donors who contribute beyond their AOPA membership dues—cultivating a stronger, safer and more robust general aviation pilot community.

## OUR MISSION

The AOPA Foundation, Inc. —a tax-exempt charitable, educational, and scientific organization—will educate the general public on the value of general aviation. The AOPA Foundation works to improve aviation safety, preserve and improve community airports, and encourages learning to fly for career and personal benefit — all in the interest of ensuring the future of general aviation in America.

## A MESSAGE FROM ELIZABETH TENNYSON

Your commitment to the AOPA Foundation continues to move general aviation forward, and we are sincerely grateful for your partnership in this work.

Because of you, critical safety resources remain available to pilots everywhere. In 2025 alone, the resources developed by the **AOPA Air Safety Institute** were viewed more than 6.2 million times. These **videos, podcasts, webinars, and seminars** equip pilots with the knowledge they need to make sound decisions and fly with confidence. These resources save lives—and they are available at no cost because of donors like you.

At the same time, your generosity is inspiring the next generation of aviators. Our **aviation STEM curriculum** is serving **1,500 schools** and **32,000 students** in all **50 states**, giving young people hands-on exposure to aviation and opening their eyes to career pathways they may never have imagined.

Other AOPA Foundation programs are promoting **positive flight training experiences, making flying more affordable and accessible, and helping lapsed pilots return to active flying**. We are fostering a larger, more engaged group of pilots to help **protect our freedom to fly**.

It's important to remember that these programs are funded by your philanthropy, not AOPA membership dues. They rely on the belief and investment of supporters who understand that safety, education, and growth do not happen by accident—they happen because people like you choose to make them possible.

As you review this year's impact, I hope you feel proud of what your generosity has accomplished. Your support is not only appreciated, but also essential. Together, we are building a stronger, safer, and more vibrant future for general aviation.

## THE AOPA AIR SAFETY INSTITUTE

**SINCE 1950**, the AOPA Air Safety Institute (ASI) has been a key pillar of safety in general aviation. Our unwavering dedication to pilot education and accident prevention has helped cultivate a culture of awareness and informed decision making, significantly lowering accident rates.

### SAFER PILOTS, SAFER SKIES

Following the high-profile D.C. midair collision in January 2025, aviation faced heightened scrutiny throughout the year. The accident dominated headlines and sparked broad questions about aviation safety. Although the accident was not related to general aviation (GA), it thrust any aviation accident into the spotlight. To address public concerns and counter negative sentiment, AOPA worked to provide context that reassured members and the public that GA remains safe.

Overall, general aviation accident numbers continued their downward trend, and early estimates point to an increase in flight activity for fiscal year 2025. The final data will take two years to confirm, yet even with the public perception that safety progress has been rolled back, we remain on track for another safe year. This positive trend highlights the importance of the AOPA Air Safety Institute's ongoing safety efforts, which continue to play a pivotal role in keeping aviation safe and encouraging broader participation.

## AOPA FOUNDATION AVIATION PROGRAMS

**AOPA FOUNDATION** Aviation Programs are designed to strengthen and expand the pilot community. Through targeted initiatives—High Schools, Flying Clubs, Rusty Pilots, Flight Training, and Scholarships—we are tackling key challenges facing the aviation industry today.

## AOPA FOUNDATION HIGH SCHOOLS

AOPA Foundation High Schools is a dynamic, nationwide program aimed at inspiring and educating the next generation of aviators, as well as future professionals in aviation and aerospace.

In the 2025-26 school year, our four-year aviation-based STEM curriculum is serving more than 1,500 high schools and 32,000 students in all 50 states! Since inception, the curriculum has served over 130,000 students.

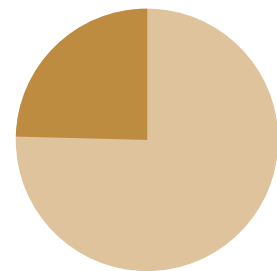

The AOPA Foundation curriculum is **ACCESSIBLE**

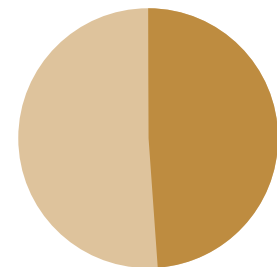

**NEARLY 60%**  
of our schools are in  
rural or urban areas

**56%**

**48%**  
of students are people of color, compared to just 8% of the pilot population

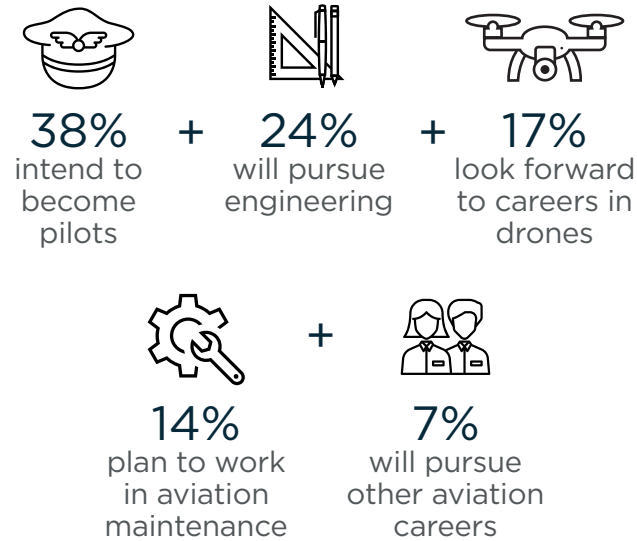

**“The AOPA High School Curriculum is changing student lives in classrooms all over the United States. I’ve seen it firsthand in my own classroom. The exposure and enriching experiences they get while going through the curriculum captures their attention and shows them a world of possibility. A former student just reached out to let me know that because of our AOPA class she is now going to college to become a pilot. She is just one of many!”**

## AOPA FOUNDATION FLIGHT TRAINING

Every pilot begins their journey as a student, and a great training experience is key to fostering a lifelong passion for aviation. The AOPA Foundation Flight Training initiative takes a comprehensive approach to transforming this experience, ensuring that student pilots, instructors, and flight schools have the resources they need to succeed.

### Flight Training Experience Survey & Awards

The Flight Training Experience Survey & Awards program encourages excellence within the aviation community by gathering valuable feedback from students about their flight training experiences. This program recognizes outstanding performance and helps flight schools and instructors improve their training programs. The 2025 Awards recognized 67 flight schools and 67 flight instructors for excellence in flight training.

### Training and Resources

The What’s Up!?! webinar series provides ongoing education and skill enhancement for pilots of all levels, covering topics like earning your seaplane rating, building an instrument approach, and tools for more proficient flying. In 2025, 12 What’s Up!?! webinars were delivered and viewed more than 17,000 times.

To equip flight school owners and managers with best practices, resources, and guidance to optimize their operations, 12 issues of the Flight School Business newsletter were delivered, along with 24 insightful Quick Tips from the Field video interviews with flight school owners, offering valuable tips and strategies for running a successful flight school.

## AOPA FOUNDATION **RUSTY PILOTS**

Once a pilot, always a pilot...but life can sometimes get in the way. For those who truly love aviation, the spirit of flying never fades. Rusty Pilots creates a clear, supportive path back to flying as pilot-in-command. Through engaging in-person seminars, dynamic webinars, and flexible online courses, returning pilots gain the tools they need to update their knowledge, sharpen their skills, and step back into the left seat with confidence.

With your continued support, we're able to deliver the training, guidance, and encouragement that help pilots return to the skies safely, skillfully, and with a renewed love of flight.

### **Rusty Pilots Success Story**

Attending an AOPA Rusty Pilots seminar was a significant step on David Wing's journey back to flying after a very long break.

He attended a seminar in April 2025, then joined the Tidewater Flying Club (KPHF) in July, and regained his private pilot currency in August in a club C172. In October, he regained his instrument currency through an IPC—in IMC. It had been 17 years since David was PIC and 25 years since receiving his instrument rating.

David credits the Rusty Pilots seminar with helping everything “gel” by walking through a detailed, real-world scenario—accelerating his readiness for both his flight review and IPC.

**“Thanks to Rusty Pilots, I’m not just flying again—I’m moving forward with new goals.”**

**—DAVID WING,**  
**AOPA MEMBER SINCE 1989**

“Our new flying club went from an exploratory meeting to formation to purchasing a plane within three months. We could not have put the club together that quickly without the help of the AOPA Foundation’s Flying Clubs initiative. The online resources and personal guidance got us started and has taken us from a new club with four founding members to a club with 12 members and a second airplane. We continue to learn how to make our club better and to rely on AOPA to help us along the way.”

—MARK HALL, LAKE COUNTRY CLUB, INC (KCPP)

## AOPA FOUNDATION FLYING CLUBS

Flying clubs are a familiar model that can address many of the issues general aviation pilots face, including affordability, access to aircraft, and camaraderie.

Through extensive online resources, helpful workshops, and one-on-one assistance, the Flying Clubs initiative focuses on supporting the launch of new flying clubs and providing support to help existing clubs grow and flourish. These clubs represent thousands of pilots throughout the United States.

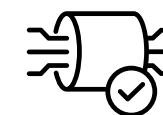

Your generosity is directly contributing to the growth of these flying clubs, ensuring that more pilots have the opportunity to exercise their privileges and experience the freedom and joy of flight.

## AOPA FOUNDATION SCHOLARSHIPS

For many aspiring aviators, it takes financial support to make their dreams a reality. Thanks to the generosity of donors, the AOPA Foundation offers aviation scholarships that provide funding to allow aviators to achieve their personal and professional goals.

Your donations have a direct, life-changing impact. Our scholarship donors are helping to cultivate the next generation of aviators, enabling them to reach new heights in their aviation careers and ensuring the continued growth of the pilot community for years to come.

## THE 2025 YOU CAN FLY CHALLENGE

For the tenth year, the Ray Foundation, established by pilot and philanthropist James C. Ray, provided a generous matching grant to raise funds in support of the AOPA Foundation’s aviation programs.

Thanks to the generosity of more than 2,000 donors, the AOPA Foundation not only met but exceeded the challenge goal. We are so grateful to all those who helped make the 2025 You Can Fly Challenge a success, and to the Ray Foundation for its visionary philanthropic support.

The AOPA Foundation, a 501(c)(3) charitable organization, is the philanthropic arm of AOPA. Donor contributions fund programs that membership dues don't cover, including the life-saving aviation safety education resources produced by the AOPA Air Safety Institute, and the life-changing High School, Flight Training, Flying Clubs, Rusty Pilots, and Scholarship programs. Our goal is to create a stronger, safer pilot community to protect our freedom to fly.
