AOPA FOUNDATION

**ANNUAL
REPORT**

ABOUT US

The AOPA Foundation, a 501(c)(3) charitable organization and the philanthropic wing of the Aircraft Owners & Pilots Association, propels general aviation forward.

Through its fundraising efforts, the AOPA Foundation supports two vital initiatives: You Can Fly, which aims to make flying more accessible and affordable, and the AOPA Air Safety Institute, dedicated to enhancing aviation safety through education and training.

These programs are made possible by the generosity of donors who contribute beyond their membership dues—cultivating a stronger, safer, and more robust general aviation pilot community.

OUR MISSION

The AOPA Foundation, Inc.—a tax-exempt charitable, educational, and scientific organization—will educate the general public on the value of general aviation. The AOPA Foundation works to improve aviation safety, preserve and improve community airports, and encourages learning to fly for both career and personal benefit—all in the interest of ensuring the future for general aviation in America.

A MESSAGE FROM MARK BAKER

Three facts defined general aviation over the past year: our skies were busy, our skies were safe, and our pilot ranks continued to grow.

General Aviation is in its safest era ever, but the work and commitment of the AOPA Air Safety Institute (ASI) does not stop. As the world's largest provider of free aviation safety content, the AOPA Air Safety Institute is committed to delivering the education and resources pilots need to fly safely and confidently. ASI webinars, videos, quizzes, articles, podcasts, and presentations were accessed nearly 10 million times over the past year. Contributions to the AOPA Foundation ensure that this important content continues to be available to the general aviation community at no cost, an amazing value in the name of safety.

While we are helping to keep the skies safe, our You Can Fly program continues to provide great opportunities for more people to join our pilot ranks, return to the skies after some time away, and discover ways to make their aviation journeys as cost-effective as possible.

Helping to meet the global demand for more pilots and aviation professionals, our High School Aviation STEM initiative engages and prepares tens of thousands of students nationwide for an aviation career. To date, the program has served more than 71,000 students from coast to coast, and more than 60 percent of our program graduates say they are pursuing an aviation future.

More than 2,100 flight schools and independent CFIs have used our innovative AOPA Flight Training Advantage app, which makes the primary flight training experience more efficient and successful for instructors, students, and schools. Our team dedicated to launching and sustaining flying clubs has helped establish nearly 250 clubs since the program's beginning in 2014, increasing aircraft access and affordability for pilots, while almost 13,000 rusty pilots have returned to the flight deck through our dedicated program. In addition, the AOPA Foundation awarded more than \$1.3 million through 145 aviation scholarships in 2023.

All of this is made possible by you and your generous gifts to the AOPA Foundation. Your continued commitment and generosity to general aviation is fueling the efforts outlined on these pages. Together, we are making a tangible difference in the lives of many pilots and aviation enthusiasts across this country. Thank you!

Mark R. Baker
President & Chief Executive Officer
AOPA Foundation

I am proud that the AOPA Foundation and our generous donors are helping to make all these positive outcomes possible. The AOPA Foundation fuels important initiatives of You Can Fly and the AOPA Air Safety Institute that member dues do not cover, keeping GA strong and vibrant.

— **Mark R. Baker**
President & Chief Executive Officer
AOPA Foundation

A MESSAGE FROM ELIZABETH TENNYSON

Through your generosity, we have been able to provide a pathway for many aspiring pilots to take to the skies and stay safely aloft.

Your donations to the AOPA Foundation allow us to engage tens of thousands of high school students across the country through our free aviation STEM curriculum, providing these young adults their first taste of aviation and the wonderful career opportunities it provides. And once in the skies, all general aviation pilots can fly safely and confidently with the help of informative and educational content produced by the AOPA Air Safety Institute.

You Can Fly and Air Safety Institute initiatives are not funded by AOPA membership dues. It's only through your support that we can keep these important programs going strong.

Your commitment to general aviation is clearly reflected in the initiatives that follow. We can't thank you enough for your continued support of the AOPA Foundation, ensuring a bright future for our shared passion for flight.

A CORNERSTONE OF SAFETY

THE AOPA AIR SAFETY INSTITUTE

For more than seven decades, the AOPA Air Safety Institute (ASI) has been a cornerstone of safety in general aviation. Its steadfast commitment to pilot education and accident prevention has fostered a culture of awareness and informed decision-making that has dramatically reduced accident rates.

- **4** issues of CFI To CFI newsletter
- **4** issues of USAIG’s Premium on Safety newsletter

THE SAFER THE BETTER

In fiscal year 2023, general aviation witnessed a marginal increase in the fatal accident rate compared to the record-setting low of 2021. However, projections based on 2022 data suggest that 2023 may mark the second safest year on record, pending the publication of flight-activity numbers in January 2025.

General aviation flight activity grew to an estimated 26.9 million flight hours in 2022, with 2023 suggesting even higher numbers. GA is also growing across most segments, having surpassed its pre-pandemic levels of participation. A better safety record for general aviation flying will invariably lead to greater participation—a reminder of the important work ASI does every day.

ENSURING SUSTAINABILITY AND GROWTH

YOU CAN FLY

You Can Fly is a comprehensive effort aimed at building a stronger, more vibrant pilot community. Through its four key initiatives—High Schools, Flying Clubs, Rusty Pilots, and Flight Training—You Can Fly addresses the critical challenges facing aviation.

By inspiring and educating the next generation of pilots, growing and supporting flying clubs as hubs of aviation activity, helping lapsed pilots back into the left seat, and working to make flight training more accessible and affordable, You Can Fly is making significant strides in ensuring the continued strength and growth of general aviation.

HIGH SCHOOL INITIATIVE

The AOPA Foundation High School initiative is a multifaceted, nationwide effort designed to inspire and educate the next generation of aviators and aviation and aerospace professionals.

At its core is the High School Aviation STEM curriculum. Serving 22,700 students in 960 schools in the 2023-2024 school year, it integrates aviation-focused STEM coursework into the standard high school curriculum. This program is offered at no cost, and unlocks pathways to aviation careers for thousands of teens through two career-and-technical education pathways—pilot and unmanned aircraft systems (drones).

Beyond the classroom, the High School initiative offers students real-world aviation experience through high school Aero Clubs. Whether flying drones, restoring airplanes, working with avionics, or preparing for flight training, members take great pride in their clubs and place a high value on the wide range of aviation-focused activities they offer.

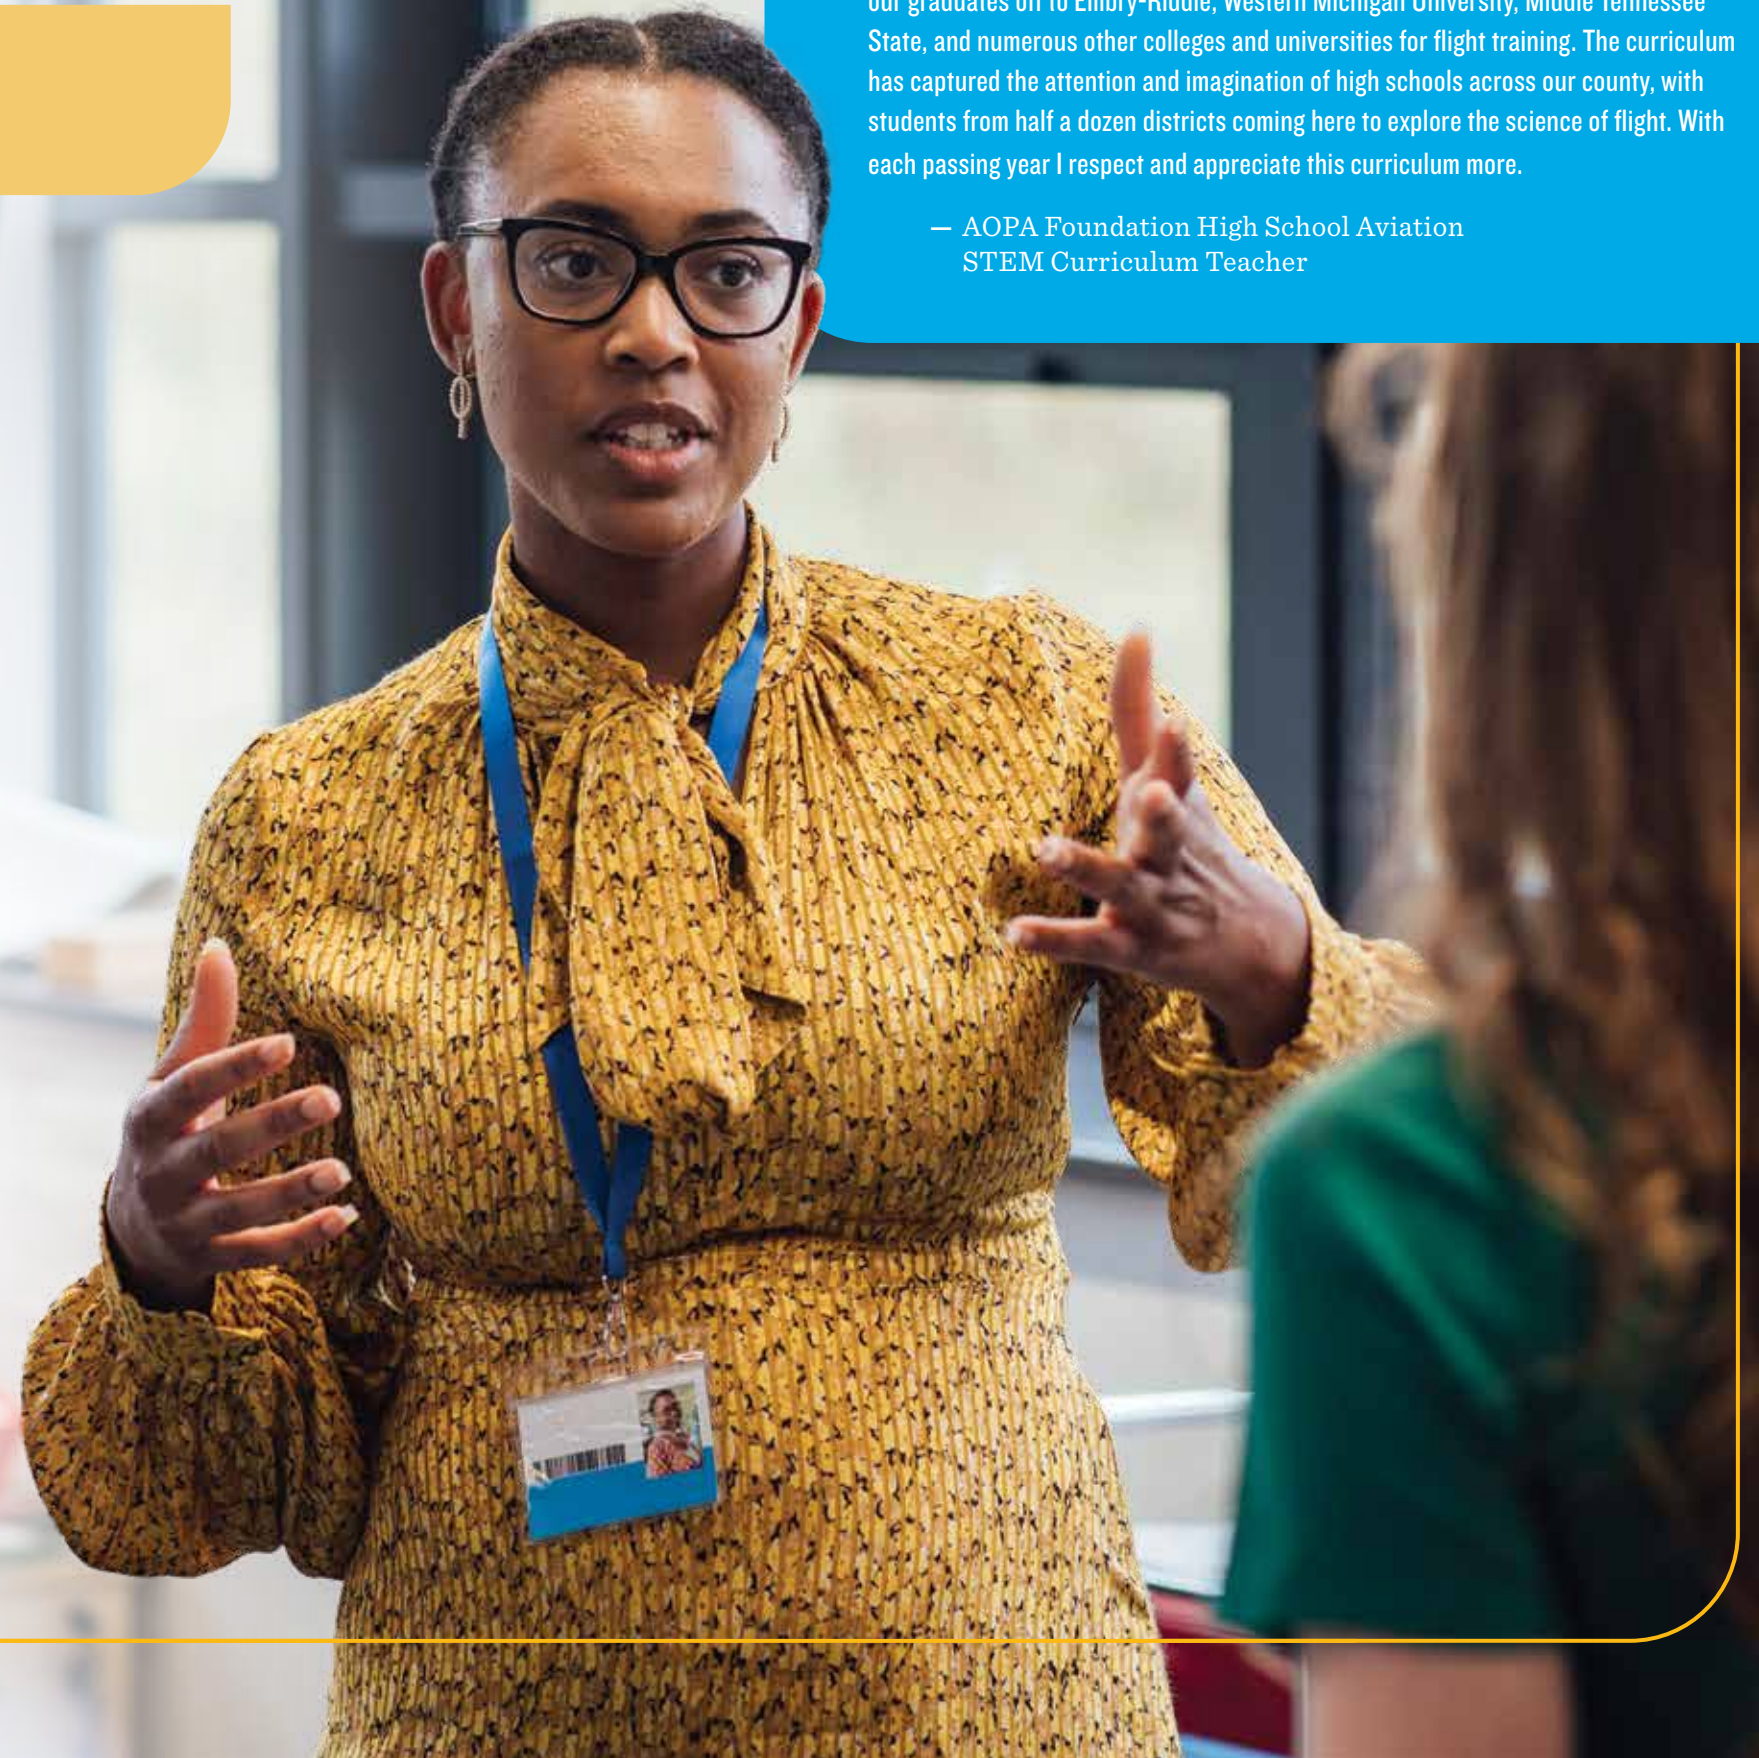

The High School Aviation STEM Symposium is another cornerstone of the High School initiative—bringing together educators, aviation professionals, and industry leaders to share best practices, resources, and ideas for integrating aviation education into high school programs. It serves as a platform for collaboration and inspiration, empowering educators to engage and inspire their students in the field of professional aviation.

By year-end, 63% of the High School initiative graduates intended to pursue a career path in aviation. Of those pursuing an aviation career, 50% hoped to become pilots, 26% were planning a career in aerospace engineering, 14% wanted a career in aviation maintenance, and 10% are headed elsewhere in aviation. By getting to teens when they're starting to think about what they want to do with the rest of their lives, and offering them viable paths to careers in aviation, the High School initiative plays an important part in helping ensure the field of aviation stays strong now and into the future.

I'm now in my fifth year teaching sophomores and juniors the AOPA Foundation High School Aviation STEM Curriculum. In a small but growing program, we're sending our graduates off to Embry-Riddle, Western Michigan University, Middle Tennessee State, and numerous other colleges and universities for flight training. The curriculum has captured the attention and imagination of high schools across our county, with students from half a dozen districts coming here to explore the science of flight. With each passing year I respect and appreciate this curriculum more.

FLIGHT TRAINING INITIATIVE

Every pilot starts as a student, and a great flight training experience is the foundation for a lifelong love of flying. The Flight Training initiative takes a multi-pronged approach to revolutionizing this experience.

AOPA Flight Training Advantage (AFTA) is an adaptive flight training syllabus that offers a comprehensive and innovative approach to flight training. Its interactive centralized platform integrates a wide range of resources, tools, and services tailored to the needs of student pilots, instructors, and flight schools. Importantly, it takes the guesswork out of the flight training experience—offering complete transparency to the student as to where in the process they are. In 2023, more than 6,000 flight hours were logged in the AFTA app, and nearly 600 flight schools and independent CFIs signed up to use it.

The **Flight Training Experience Survey & Awards** allows individuals to share their flight training experiences, fostering accountability within the aviation community. This program recognizes top performers and provides valuable feedback to flight schools and instructors, helping them turn their training programs into exceptional flight training experiences. In 2024, the Flight Training Experience Survey & Awards garnered nearly 7,500 responses, with 55 flight schools and 53 CFIs receiving awards.

Don't Get Rusty webinars offer ongoing education and skill refinement for pilots of all levels. Covering a range of topics—including flying techniques, safety, and how to operate like a pro—each webinar provides invaluable insights, tips, and best practices for helping pilots maintain proficiency and confidence in their flying abilities. In 2023, 12 Don't Get Rusty webinars were delivered, with a total viewership of 26,739.

Finally, the Flight Training initiative addresses the business aspects of flight training through **AOPA Flight School Business**. This program shares best practices for operating a flight school—equipping owners and managers with the resources and support to run them as efficiently and effectively as possible. In 2023, Flight School Business published nine insightful short-form interviews with flight school owners.

FLIGHT SCHOOL BUSINESS

- Short-form interviews of flight school owners/managers: **9 Published**

I'm very impressed with AFTA. The amount of thought and planning that went into making this adaptive flight training syllabus do everything it does so well is obvious once you use it. It's a fully integrated goal-and-milestone flight training program. It's a student-progress tracker. It's a time management program. It's all this and more. And now there's no guessing by students as to where they are in their training.

RUSTY PILOTS INITIATIVE

Sometimes life gets in the way of flying. But once a pilot, always a pilot. When lapsed pilots are ready to return to flying, the Rusty Pilots initiative offers a supportive pathway back to flying as pilot-in-command. Whether they attend a seminar, watch a webinar, or take an online course, returning pilots are provided with the resources and guidance needed to refresh their knowledge and skills and get confidently back in the air again.

The number of pilots who have returned to flying because of the Rusty Pilots initiative is 12,721 and counting, with total attendees of Rusty Pilots programs surpassing 50,000. On average, 183 returning pilots attend the seminars quarterly, while 1,987 pilots total attended an on-line course in 2023.

FLYING CLUBS INITIATIVE

Better aircraft access at lower cost. A community of pilots to share the fun and share the knowledge. An organic way to keep people engaged and flying. That's just some of what flying clubs have to offer their members and, in turn, general aviation. The Flying Clubs initiative focuses on helping new clubs to launch and existing clubs to thrive.

With extensive on-line resources, helpful workshops, and one-on-one assistance, it's never been easier to start a new club and share the advantages of aircraft ownership. And the Flying Clubs initiative is leading the way—with 21 clubs started in 2023, 239 clubs started since program inception, and another 55 in the prospective-club pipeline.

SCHOLARSHIPS

It takes money to fly. Among the many AOPA Foundation-fueled efforts to grow the general aviation pilot population, aviation scholarships provide the kind of important financial assistance some aspiring pilots need to achieve their dreams of flight.

In 2023, out of 3,766 applications received, 145 individual scholarships ranging from \$2,500 to \$20,000 were awarded. 75% of these awardees have achieved a major flight milestone, such as a first solo, a new certificate, or a new rating. And thanks to the generosity of the Ray Foundation, \$1 million in scholarship funds were awarded to high school students and teachers nationwide.

2023 SCHOLARSHIP AWARDS:

- **3,766** applications
- **Nearly \$1,300,000** awarded
- **103** High School scholarships
- **5** Teacher scholarships
- **27** Primary and advanced rating scholarships
- **8** FAA Knowledge Exam scholarships
- **2** Aviation maintenance

I can't thank AOPA enough. I've already reached so many aviation-career milestones because of my You Can Fly scholarship, like getting my private pilot certificate this past year. Nothing will ever compare to the first flight you take with friends and family. I'm now working on my instrument rating at Indiana State University. I greatly appreciate all the help AOPA has offered me.

— **Dylan Searcy**

EMPOWERING AVIATION AMBITIONS

THE 2023 YOU CAN FLY CHALLENGE

For the eighth time in as many years, the AOPA Foundation was challenged by the Ray Foundation to raise funds in support of the You Can Fly program.

The Ray Foundation, established by pilot and philanthropist James C. Ray, agreed to provide a matching grant of up to \$2.5 million for donations made during the You Can Fly Challenge fundraising campaign of 2023.

Thanks to the generosity of more than 2,900 donors, the AOPA Foundation not only met but exceeded the challenge goal. Donor contributions came to more than \$3.5 million, resulting in more than \$6 million in total funds focused on getting—and keeping—people flying. Thanks to all who helped make the 2023 You Can Fly Challenge a success, and to the Ray Foundation for its visionary, philanthropic support of the AOPA Foundation's You Can Fly program.

DONORS

AOPA FOUNDATION CORPORATE SUPPORTERS

AOPA Foundation corporate supporters provide significant, often multi-year commitments to ensure a brighter future for general aviation. By providing critical funding for programs such as You Can Fly and the AOPA Air Safety Institute, these partners help get and keep more pilots flying and create invaluable safety resources for pilots of all experience levels.

LEGACY SOCIETY

The AOPA Foundation Legacy Society is a group of dedicated supporters who want to help create a brighter future for general aviation by listing the AOPA Foundation as a beneficiary in their will or trust, on a bank or retirement account, or in other arrangements.

Penny and Bill Hamilton	James C. Ray	Dennis R. Wolte

SCHOLARSHIP DONORS

Thanks to the generosity of the following donors, scholarships are made available to help aspiring and current pilots achieve their flight training goals.

Susan Alatary and Susan Erika Lopez-Henriquez, The Bruce W. Alatary Memorial Flight Training Scholarship	AllianceTexas Foundation, The AllianceTexas AOPA Aviation Scholarships	The Ray Foundation, The AOPA Foundation High School Student and Teacher Flight Training Scholarships
P.C. Berolzheimer, The Coastal Barrier Island Foundation Berolzheimer High School Flight Training Scholarship	Hochberg Aviation Management LLC, The Carlsbad Jet Center and Sonoma Jet Center General Aviation Professional Scholarships	The Richard and Gina Santori Charitable Foundation, The Richard and Gina Santori Memorial Flight Training Scholarship
Corporate Aircraft Association, The Fred and Diane Fitts Memorial Flight Training Scholarship Fund and the Corporate Aircraft Association Preferred FBO Employee Scholarship	Senator James M. Inhofe FAA Knowledge Test Scholarship	Ceci Stratford, The Ceci Stratford Flight Training Scholarship
Paul M. Guse, The Edward B. Shafer Future of Flight Scholarship	David Kleine, The David and Florence Kleine Flight Training Scholarship	The Bill Stroecker Commercial/Instrument Flight Training Scholarship
The Richard R. and Gretchen E. Harper Fund, The Richard R. Harper Memorial Flight Training Scholarship	Landsberg Endowment Scholarship for Aviation Maintenance and Avionics	Scott Stuart, Lincoln Community Foundation, The Scott Stuart Flight Training Scholarship
	Erral Lea and Glenn Plymate Memorial Flight Training Scholarships	The Daniel T. Taussig Memorial Flight Training Scholarship

THE RICHARD MCSPADDEN SCHOLARSHIP FOR ADVANCED PILOT TRAINING FUND

The following donors contributed to establish an endowment in memory of Richard McSpadden, who tragically died in an aircraft accident in 2023. Richard's work at AOPA centered around providing aviation safety education to all pilots, in pursuit of a world without fatal general aviation accidents. With the help of these contributors, we are proud to carry on Richard's legacy to advance this goal.

David R. Albin, Stanford University	David Horstkotte	Neil H. Resnik
APEX Foundation	Jennifer Hotsko	Bernard I. Robertson, Bernard and Eleanor Robertson
Sally Armstrong	Arthur Michael Hutchison	David Rogers, The Graymer Foundation
William S. Ayer	Justin and Corrine Ivey	Douglas N. Rozendaal
Kevin H. Baines	Samuel A. Jackson	David Sauer
Loyal P. Baker	Scott and Samantha Berkule Johnson	James and Julia Schaeffer
Nick Beatty	Becky E. Johnston	Rick Schikora, CPA
Bruce D. Belgum	Ron Johnston	Lewis W. Shaw II
P.C. Berolzheimer, Coastal Barrier Island Foundation	Joanna Fowler Jonsson	Daniel Shewmaker
Ed M. Bolen	Brian Katona	Bob Showalter
Richard H. Bresette, Bresette Family	Michael Koenig	Scott R. Smith, Fort Walton Beach Chiropractic, LLC
Barbara Bucknam	Loren Kopseng	Hal Shevers, Sporty's Foundation

The AOPA Foundation, a 501(c)(3) charitable organization, is the philanthropic arm of AOPA. Donor contributions fund programs that membership dues don't cover, including the AOPA Air Safety Institute and You Can Fly program. The goal of the AOPA Foundation is to fund opportunities of growth beyond what AOPA membership dues can accomplish, for the entire general aviation community.
