AOPA FOUNDATION

The AOPA Foundation is the philanthropic arm of AOPA. As a 501(c)(3) nonprofit organization, your tax-deductible contributions fund programs that regular AOPA membership dues do not cover. These include the You Can Fly initiatives, the AOPA Air Safety Institute, and the AOPA Flight Training Scholarship.

Our goal is to get more people flying, keep them flying, and help all pilots fly safer. Whether it’s a monthly or annual gift, your generosity has a direct impact on the general aviation community.

There are many ways to contribute to the AOPA Foundation and support these vital programs. Visit our website to learn how you can make a tax-deductible gift that helps build a stronger, safer aviation community.

YOU CAN FLY SCHOLARSHIPS

AOPA Scholarships award qualified applicants with funds to use towards primary flight training or advanced rating certificates. Thanks to the generosity of the Ray Foundation, additional scholarships are available specifically to high school students and teachers.

“As pilots and enthusiasts with a passion for aviation, it’s up to us to ensure the future of GA.”
YOU CAN FLY

You Can Fly is a collection of four engaging initiatives developed through real-world experience to support pilots at every stage of their aviation journey:

High Schools  More than 10,000 high school students in 38 states have been introduced to careers in aviation and aerospace through AOPA's rigorous four-year STEM curriculum.

Flight Training  Tools to make flight training more effective, help schools deliver great customer experiences, and promote best practices are among the resources we’re delivering to make it easier for student pilots to complete their training.

Rusty Pilots  More than 9,500 pilots have returned to active flying with help from Rusty Pilots.

Flying Clubs  So far, this initiative has helped launch more than 170 flying clubs so pilots can fly more and spend less.
“As a group, pilots are some of the most generous people I know. And because we tend to feel passionately about GA, we want to share it with others.”
