

Report for Jiri Brejnik at KDWH

Region: Awards Consideration (includes report card)

Below is a summary of scores and feedback from all the usable evaluations which were submitted for you during the 2026 Flight Training Experience Award application period. Many flight training providers receive exceptionally high scores so we also share with you the distribution of the overall aggregate scores for comparison.

1. Eligibility

To be eligible for an award, you needed to receive at least 5 unique evaluations, each at least 80% complete

A survey response was considered 'usable' if the respondent answered at least 80% of the questions required for scoring.

A CFI was considered 'eligible' for an award if they received at least 5 unique, usable responses.

Average scores were based on all usable responses received and have been rounded where necessary.

Your percentile rank was calculated by comparing your score to scores of all other (nominated/eligible) CFIs. Percentile ranks were calculated at both national and regional levels and may have been rounded.

Your performance (percentile rank) compared to all other eligible CFIs in your region was one of many factors that informed award decisions.

You received 9 evaluations.

2. Free Responses

At the end of each evaluation, we ask the following open-ended question:

Why should or shouldn't your CFI win a Flight Training Experience Award?

3. Individual Overall Scores & Responses

Total Score	Student Review
90.00	Jiri is dedicated to his student's success and safety! Knowledgeable as well as caring. He helped me regain proficiency on steam gauge instruments, night proficiency, and landing proficiency in preparation to start my first job as a flight instructor.
84.00	Jiri should win this award because he's a phenomenal instructor. He's extremely patient and forgiving, but he also holds me accountable for my mistakes and holes in my knowledge. He's found the perfect balance between praise and discipline, a vital skill for instructors. On top of that, his teaching style is very interactive and he always has an acronym on hand to help me memorize the material. Overall, he is a very well rounded instructor and deserves to win this award.
88.00	Jiri is an outstanding instructor and an integral part of the United Flight Systems community. I flew with Jiri many times throughout my training at UFS and all of them were nothing but positive experiences. Jiri is a very professional, knowledgeable, and personable instructor and I thoroughly enjoyed flying with him each and every time. He provided expert guidance and instruction in every area I needed help with
86.00	Jiri is a great teacher who explains techniques clearly and has great tips for both studying ground school and for excelling in maneuvers/safe flying.

88.00	Very thoughtful on the ways stuff should be done. Also truly cares about his students rather than just building his own hours.
89.00	Jiri deserves a Flight Training Experience Award because he's great at pointing out my mistakes without ever being demeaning or discouraging. He's able to identify exactly what I'm doing wrong, and explain how to fix it in a way that actually makes sense. His feedback is clear, helpful, and never feels harsh — it just makes me a better pilot every time I fly with him.
74.00	Jiri is passionate about flying and he makes safety the first priority. He tries to understand his students strengths and weaknesses and tailors his lessons in order to improve students performance. He is strong in theory of aviation and in cockpit.
81.00	Jiri is a great and patient instructor, shares insight and information on many topics that apply to aviation
90.00	Jiri should win the Flight Training Experience Award. He puts his heart and soul into his students' training. Jiri's focus is on safety and competency for his students. Their success is important to Jiri.

10. Net Promoter Score

10.1 Questionnaire Responses

The Net Promoter Score is generated by asking customers how likely they would be to recommend a given product or service - in this case, your services as a flight instructor to another potential customer, on an 11 point scale.

How likely are you to recommend your CFI to someone interested in flight training?

Response Choice	Frequency	%
10	7	77.78%
9	1	11.11%
8	1	11.11%

10.2 NPS Grouping

Responses to this question are then used to sort customers into one of three groups:

Detractor: Less likely to use your services again and may not speak highly of your services to others.

Passive: Generally somewhat satisfied, passive respondents likely won't help or hurt your business in talking to other people.

Promoters: Ideally, all of your customers would be promoters. Promoters would fly with you again in the future and would tell others how great they think you are.

Response Choice	Frequency	%
Promoter	8	88.89%
Passive	1	11.11%

10.3 Standardized Score Calculation

The overall Net Promoter Score is calculated by subtracting the percentage of your customers who are 'detractors' from the percentage of your customers you are 'promoters.' Thus, the overall Net Promoter Score can range from - 100 to 100.
