3. Individual Overall Scores & Responses

Total Score	Student Review
90.00	Safety is number one priority. The school and flight instructors make it very easy to schedule and train with them. Excellent job at catering to their students (I am working on my fixed wing add on). My instructor is extremely knowledgeable. Their aircraft is very well maintained!
88.00	The school has very good one on one training and the flight instructors are very easy to get along with on a personal level.
90.00	Wade is a very knowledgeable instructor and very good at what he does.
86.00	I received my PPL training through Keystone aviation with Wade Bethge as my instructor. I have nothing but the best to say about Keystone in all aspects of aviation education. Wade made learning how to fly an amazing experience and is always willing to go the extra mile for his students when teaching them. The school is very accommodating for scheduling and will tailor to each students needs.
90.00	The airplanes are held to the highest safety standards and the instructors don't rush you at all

90.00	Keystone Aviation deserves a Flight Training Experience Award because of its unwavering commitment to creating skilled, safe, and confident pilots. This school combines high-quality instruction with a welcoming atmosphere where every student feels supported and encouraged at all steps in training. Instructors go above and beyond to tailor training to each individual's needs, so progress is not only achieved but enjoyed as well. As a student who began with no prior aviation knowledge or experience and earned my PPL through their program, I can attest to the school's ability to guide aspiring pilots from their very first lesson to achieving their dreams.
90.00	This flight school is second to none. Through them, I earned my PPL in the time of January 27, 2024 - August 11, 2024. In that time, I was given comprehensive flight instruction that worked with my personal pace and tailored to my individual needs. The flight instruction was knowledgeable, high quality, and affordable. The Keystone Aviation group deviates from the typical "pilot mill." They care about their students as well as seeing them succeed. The aim is and has always been to provide flight training in a fun, exciting, and affordable manner, and they have gone above and beyond in doing that.
88.00	The very professional and knowledgeable staff here give such a great learning/flying experience that I would recommend to anyone!
88.00	This school is very inclusive. It not only accepts but strongly encourages diversity among its students.
90.00	Keystone Aviation provided an absolutely enjoyable process while working towards my Private Pilot Certification. Training flights were easy to schedule, and reschedule, if needed. I never once experienced a maintenance issue with our training aircraft, causing a lesson cancellation. Wade always made sure I understood what to expect during my training, making it more enjoyable and more cost effective. Check ride prep was outstanding, from training through the various maneuvers to preparation for the oral session of the practical. I wouldn't recommend any other flight school than Keystone Aviation.

10. Net Promoter Score

10.1 Questionnaire Responses

The Net Promoter Score is generated by asking customers how likely they would be to recommend a given product or service - in this case, your services as a flight instructor to another potential customer, on an 11 point scale.

How likely are you to recommend your CFI to someone interested in flight training?

Response Choice	Frequency	%
10	10	100%

10.2 NPS Grouping

Responses to this question are then used to sort customers into one of three groups:

Detractor: Less likely to use your services again and may not speak highly of your services to others.

Passive: Generally somewhat satisfied, passive respondents likely won't help or hurt your business in talking to other people.

Promoters: Ideally, all of your customers would be promoters. Promoters would fly with you again in the future and would tell others how great they think you are.

Response Choice	Frequency	%
10	10	100%

Promoter	10	100%
----------	----	------

10.3 Standardized Score Calculation

The overall Net Promoter Score is calculated by subtracting the percentage of your customers who are 'detractors' from the percentage of your customers you are 'promoters.' Thus, the overall Net Promoter Score can range from - 100 to 100.
