

Report for ATP Flight School at KSGR

Region: Central Southern

Below is a summary of scores and feedback from all the usable evaluations which were submitted for you during the 2026 Flight Training Experience Award application period. Many flight training providers receive exceptionally high scores so we also share with you the distribution of the overall aggregate scores for comparison.

1. Eligibility

To be eligible for an award, you needed to receive at least 10 unique evaluations, each at least 80% complete.

A survey response was considered 'usable' if the respondent answered at least 80% of the questions required for scoring.

A Flight School was considered 'eligible' for an award if they received at least 10 unique, usable responses.

Average scores were based on all usable responses received and have been rounded where necessary

Your percentile rank was calculated by comparing your score to scores of all other(nominated/eligible) Flight Schools

Percentile ranks were calculated at both national and regional levels and may have been rounded.

Your performance (percentile rank) compared to all other eligible Flight Schools in your region was one of many factors that informed award decisions.

You received 9 evaluations.

2. Free Responses

At the end of each evaluation, we ask the following open-ended question:

Why should or shouldn't your school win a Flight Training Experience Award?

3. Individual Overall Scores & Responses

Total Score	Student Review
80.00	The school should win because I feel like it's one of the best if not the best there is it's just been less than 2 months for me in the program an so far I'm loving my flight experience and training
81.00	Before I started the ATP program I did not expect I was going to work with such a supportive group of individuals. Everyone here has a welcoming and helpful attitude. Very respectful, humble, and kind. Everyday I walk in the training center I'm excited to be here because everyone here has an optimistic mood. Whenever I have a question, the flight instructors and even students are happy to help. I'm learning something new everyday which I love. Overall my experience here has been an amazing opportunity from the ground training to the flights!
75.00	Because it is the most efficient way to get your licenses and hours in a way that is always going to teach you more and more. and the community you make here is great
77.00	The people here makes learning an unforgettable experience
88.00	They provide me with the best instructors and allow me to use all the nice planes and simulators for training. We have a great study environment and often study together in groups. All the instructors at my school offer the best help they can.

83.00	I believe this school provides what the students are looking for when enrolling, a thorough and professional training environment focused on career flying and values the attributes required for it very highly.
88.00	At ATP I feel as a valued students, where my learning is prioritized. Instructors availability is pretty much 24/7 therefore questions are never unanswered. The team work and support system is also something that I've noticed to stand out where you may have an assigned instructor, but everyone is always available and happy to answer any questions.
90.00	It should win for at least 3 reasons: instructional excellence, commitment to safety and high standards in flight. I knew the high standards expected when I made my decision to join ATP. It is the reason I choose to transfer from my previous school. I have been continually impressed by the professionalism and standard to learn and fly at the highest level.
59.00	Everything is really efficient although sometimes too fast and depending on your outside life can be too much at times

10. Net Promoter Score

10.1 Questionnaire Responses

The Net Promoter Score is generated by asking customers how likely they would be to recommend a given product or service - in this case, your services as a flight instructor to another potential customer, on an 11 point scale.

How likely are you to recommend your CFI to someone interested in flight training?

Response Choice	Frequency	%
10	7	77.78%
9	1	11.11%
7	1	11.11%

10.2 NPS Grouping

Responses to this question are then used to sort customers into one of three groups:

Detractor: Less likely to use your services again and may not speak highly of your services to others.

Passive: Generally somewhat satisfied, passive respondents likely won't help or hurt your business in talking to other people.

Promoters: Ideally, all of your customers would be promoters. Promoters would fly with you again in the future and would tell others how great they think you are.

Response Choice	Frequency	%
Promoter	8	88.89%
Passive	1	11.11%

10.3 Standardized Score Calculation

The overall Net Promoter Score is calculated by subtracting the percentage of your customers who are 'detractors' from the percentage of your customers you are 'promoters.' Thus, the overall Net Promoter Score can range from - 100 to 100.
